

CPCCWHS1001 - PREPARE TO WORK SAFELY IN THE CONSTRUCTION INDUSTRY

Course Description

This unit of competency specifies the mandatory work health and safety training required prior to undertaking construction work. The unit requires students to demonstrate personal awareness and knowledge of health and safety legislative requirements in order to work safely and prevent injury or harm to self and others. It covers identifying and orally reporting common construction hazards, understanding basic risk control measures, and identifying procedures for responding to potential incidents and emergencies. It also covers correctly selecting and fitting common personal protective equipment (PPE) used for construction work.

Contents

- Health and safety legislative requirements of construction work.
- Basic principles of risk management
- Construction hazard identification and control.
- Identifying, using and maintaining PPE.
- Role of designated health and safety personnel
- Safety signs and symbols
- Procedures for reporting hazards, incidents and injuries
- Awareness of emergency procedures, including first aid and fire safety.

Entry Requirements

- There are no formal entry requirements however applicants **should be able to use and understand basic English.**
- Photo identification and a current photograph are required for the issue of a white card.
- Further information relating to White Card and White card training can be found at <https://www.safework.sa.gov.au/>

Delivery & Assessment

Training and assessment is conducted on site and is structured on a flexible basis to meet the needs of the organisation and students and includes classroom theory and practical on-job training. Assessment is competency based and will include a mixture of classroom based exercises and practical demonstration of skills.

Pathways

Successful assessment outcomes from this training will result in a Statement of Attainment; that may be used for recognition in a relevant qualification. Completion of the unit CPCCWHS1001 Prepare to work safely in the construction industry is a requirement for issue of OHS White Card.

Materials and Equipment

Students will be provided with all written and physical materials required to complete the assessment. Students must wear long trousers, a long sleeve top and steel-capped boots.
