

## MEM08014B - APPLY PROTECTIVE COATINGS (BASIC)

### Course Description

This unit covers spraying pre-treatments and protective coatings not limited to brush, roller and conventional spray equipment, at a basic level. It covers single and two-pack coatings not containing isocyanates. Work is undertaken autonomously or as part of a team environment using predetermined standards of safety, quality and operating procedures.

Specific health and safety matters include interpretation of MSDS warnings, materials sensitivity, hazardous goods, breathable air and introduction of compressed air into the body. Specific understanding is required of given supplier information and product details.

### Contents

- Determining job requirements
- Selecting required protective coatings
- Worksite preparation
- Surface condition inspection
- Unsuitable work pieces
- Plant and equipment operations
- Equipment setup and pre-operational checks
- Coatings equipment maintenance
- Single pack coatings
- Thinning coatings
- Coating schedules
- cleaning and disassembly of equipment
- Surface Inspection
- Selection and maintenance of PPE.

### Entry Requirements

Students must have completed the following units of competency to qualify for enrolment;

- MEM13003B - Work safely with industrial chemicals and materials

## RPL

Do you already have many of the skills that are being taught in this course? Transform Training recognises existing skills and prior learning through our Recognised Prior Learning (RPL) Program, because there is no need to learn what you already know. Talk to our staff about RPL today.

## Delivery & Assessment

Training and assessment is conducted on site and is structured on a flexible basis to meet the needs of the organisation and students and includes classroom theory and practical on-job training. Assessment is competency based and will include a mixture of classroom based exercises and practical demonstration of skills.

## Pathways

Successful assessment outcomes from this training will result in a Statement of Attainment; that may be used for recognition in a relevant qualification.

## Materials and Equipment

Students will be provided with all written and physical materials required to complete the assessment. Students must wear long trousers, a long sleeve top and steel-capped boots.

## More Info

Students should also refer to the Student information booklet and fee schedules for detailed information on Transform Training's policies and procedures including:

- Work, health and safety
- Fees and charges
- Refunds
- Grievances and disputes
