

# MEM08016B - CONTROL BLAST COATING BY-PRODUCTS

## Course Description

This unit covers identifying, evaluating and controlling blaster coating by-products, materials and emissions. This unit teaches common containment practices and regulatory waste removal processes, documentation and implementation related to blaster coating by-products, materials and emissions in accordance with regulatory and legislative requirements.

## Contents

- Health and safety considerations relating to abrasive blasting.
- By-products containment procedures.
- Treatment and storage of by-products.
- Monitoring devices
- Use and application of personal protective equipment
- Safe work practices and procedures

## Entry Requirements

Students must have completed the following units of competency to qualify for enrolment;

- MEM13003B - Work safely with industrial chemicals and materials.

## RPL

Do you already have many of the skills that are being taught in this course? Transform Training recognises existing skills and prior learning through our Recognised Prior Learning (RPL) Program, because there is no need to learn what you already know. Talk to our staff about RPL today.

## Delivery & Assessment

Training and assessment is conducted on site and is structured on a flexible basis to meet the needs of the organisation and students and includes classroom theory and practical on-job training. Assessment is competency based and will include a mixture of classroom based exercises and practical demonstration of skills.

## Pathways

Successful assessment outcomes from this training will result in a Statement of Attainment; that may be used for recognition in a relevant qualification.

## Materials and Equipment

Students will be provided with all written and physical materials required to complete the assessment. Students must wear long trousers, a long sleeve top and steel-capped boots.

## More Info

Students should also refer to the Student information booklet and fee schedules for detailed information on Transform Training's policies and procedures including:

- Work, health and safety
- Fees and charges
- Refunds
- Grievances and disputes
