

TLILIC2001 LICENCE TO OPERATE A FORKLIFT TRUCK

Course Description

This unit will provide applicants with the skills, knowledge and information to safely operate a forklift truck and to enable them to undertake assessment with a SafeWork SA registered Assessors for Licence to Perform High Risk Work. The unit is based on the requirements of the National Standards for Licensing Persons Performing High Risk Work.

Successful students will learn to operate a forklift truck, to plan the work, conduct routine checks on a forklift truck, shift loads in a safe manner, and safely shut down and secure equipment after completing operations.

Contents

- identifying workplace hazards, control measures and appropriate standards,
- selecting plant appropriate to the load and workplace conditions
- Identifying relevant communication methods and procedures.
- conducting pre-operational checks in accordance with procedures,
- locate, identify and check all controls,
- damage and defects are reported
- test forklift functions and safety devices
- record, report and action defects and damage
- assess load weight to ensure compliance,
- safely shift load in accordance with procedures,
- ensure stability of load,
- respond to any hazards and/or unplanned or unsafe work practices
- park & secure truck to avoid hazards/unauthorised access
- shut down and conduct post-operational checks
- record, report and action defects and damage

Entry Requirements

- There are no pre-requisites for this unit; however the minimum age for licensing is 18 years.
- All applicants must provide photo ID (e.g. Australian Driver's Licence)

RPL

Do you already have many of the skills that are being taught in this course? Transform Training recognises existing skills and prior learning through our Recognised Prior Learning (RPL) Program, because there is no need to learn what you already know. Talk to our staff about RPL today.

Delivery & Assessment

Training and assessment is conducted on site and is structured on a flexible basis to meet the needs of the organisation and students and includes classroom theory and practical on-job training. Assessment is competency based and will include a mixture of classroom based exercises and practical demonstration of skills.

Pathways

Successful assessment outcomes from this training will result in a Statement of Attainment; that may be used for recognition in a relevant qualification.

Materials and Equipment

Students will be provided with all written and physical materials required to complete the assessment. Students must wear long trousers, a long sleeve top and steel-capped boots.

More Info

Students should also refer to the Student information booklet and fee schedules for detailed information on Transform Training's policies and procedures including:

- Work, health and safety
- Fees and charges
- Refunds
- Grievances and disputes
