# Customer to provide access to own machine or cost of machine hire to be added.

### CITB Subsidy Eligibility

Participants with a valid CITB number may be eligible for a CITB short course subsidy on a range of Transform Training courses.

Group bookings for eligible CITB workers also qualify for individual subsidies per participant.

The subsidy covers the full number of hours required for each course. Where students do not require the full CITB-funded hours—such as in accredited mobile plant training where a maximum of \$1,000 is available for 40 hours—a pro-rata subsidy will apply. This means a daily rate can be applied based on the actual training time required (e.g. 1 day, 2 days, etc.), allowing the subsidy to be tailored to suit your needs. The subsidy will only apply to the time used.

To access the subsidy, ensure your CITB number is approved before enrolment. For full eligibility details, visit [www.citb.org.au](http://www.citb.org.au).
